Dear Colleague

**Disability Discrimination Act: taking the work forward
Action Research Support Day**

We are now in the process of finalising the details of the fifth event on Tuesday 7th February 2006 at the London Voluntary Resource Centre, 356 Holloway Road, London, N7 6PA.

The activity part of the day will start at 10.15 hours and conclude with a co-ordinators meeting ending at 16.00 hours.

You will see on the programme that you will be looking at and interpreting the findings you have generated. Please think about what you have learned from your inquiry and bring with you one or two key findings, for example you may have discovered that:

- staff feel threatened when information from learners is fed back to them OR
- learners tend to be directed to provision based on practitioners assumptions rather than on learners' own aspirations

You will be invited to explore your finding in more detail, speculating about possible explanations and suggesting some practical implications.

Please confirm your attendance, dietary and access requirements by completing the attached form and returning to Bhupinder in the envelope provided by 27th January 2006.

Yours sincerely

Bhupinder Nijjar
Administrator
Health and Disability Equality Team
