

25 March 2008 London

Citizenship learning through tutorial and enrichment activities

Aims of the day

- To explore how citizenship learning can be delivered through 'tutorial' programmes and other off time table activities.
- To understand the differences between pastoral or PSHE/personal development type issues and citizenship
- To set this approach to citizenship education in the wider context of other approaches which it may be blended with across an organisation.
- To consider some case study examples of delivering citizenship through tutorials and enrichment activities
